SHELTON M. SAUFLEY, Proprietor
 BY A TEAM STRICTLY IN ADVANCE
 Entered at the postoffice at Stanford as second class mail matter.

"If Stanley fails to win, it will be because he did not begin to shell the woods earlier in the fight," says the Hopkinsville Kentuckian, which is supporting the Second district man My Gaud, said the woodchuck, and away he flew. Stanley has been away from his duties at Washington for almost a year, speaking at various times, and drawing his salary all the time. How much more shelling, do you want, old friend? We suggest that the only "shelling" now needed is for him to "shell out" the people's money he has drawn as salary while running around over the state after votes.

Judge O'Doherty on Beckham
 Judge MATT O'DOHERTY, one of Louisville's ablest lawyers and leading democrats, gave to a Louisville paper Saturday morning the following statement setting forth his reason why the Democrats of Kentucky and Louisville should cast their votes for Mr. J. C. W. Beckham for the Democratic nomination for United States Senator:

"I cannot bring myself to believe for an instant that self-respecting democrats—men who have regard for orderly decency in public affairs, or in public organization or discipline, will let the opportunity pass unimproved which the coming primary affords, to set the seal of their condemnation on the party by which Gov. Beckham was deprived of the Senatorship six years ago, after having been regularly nominated for the office by the party he had so faithfully served.

"It will, I am confident, never be said of the great body of Kentucky Democrats that they condoned fraud or treachery by neglecting the opportunity of setting the seal of their condemnation upon it when the opportunity offered. In no other way than by the nomination of Gov. Beckham is it possible to effectually wipe out the stain on the fair name of Kentucky, which the conspiracy by which his defeat was accomplished placed upon it. Party integrity, party organization, party discipline and public decency, alike demand Gov. Beckham's nomination and election. Thus, and thus only, can the wrong done to him and to the democratic party of Kentucky in his person be righted.

Gov. Beckham's political enemies disclose the hopelessness and desperation of their opposition to his nomination by the absurdly false charges they have made against him. No slander that can be thought of appears too despicable in their eyes, if only it can be used to delude or deceive.

Gov. Beckham deserves well of his fellow-citizens. He was called to the chair of the Chief Executive of the Commonwealth when the State was in a condition bordering upon anarchy. Violence and bloodshed were averted by the cool sense, admirable judgment and dominant courage which he, although then a very young man, brought to the discharge of his duties as Governor. He merits the honor he is now seeking. He has a double claim upon it—first, because he is eminently fitted for the office, second, because, all men know, by the most unblinking treachery he was deprived of the office six years ago, after having won by overwhelming vote the party's nomination. His nomination now is due alike to him and the democratic party. Its

TO THE DEMOCRATS OF LINCOLN COUNTY.

GOVERNOR JAMES B. MCCREARY.

In view of the near approach of the primary election, I desire to say a word in behalf of the candidacy of the Honorable James B. McCreary as the Democratic nominee for United States Senator.

It is conceded by all that if selected as the standard bearer that he has a life-time job, but in the West a man is turned out about the time he is properly fitted for the position, and for this reason the first named sections have so much more weight in the acts of that body.

But, it is said that he is too old. The fact is that Gov. McCreary has the physical and intellectual vigor of the average man of 60 years. Many of the ablest and most effective men in the Senate are older than he. During his whole life he has practiced temperance and moderation in all things, with the result that his faculties are unimpaired.

There was never a more faithful or conscientious public official or one who devoted more labor to the public or private interests of his constituents. If every man in Lincoln county for whom he has rendered efficient service in the past would now avail himself of the present opportunity to pay the debt of gratitude, his majority in this county would be overwhelming, as it ought to be.

He has had experience. One of the unwritten laws of the Senate is that a new member must take a back seat

and his right are alike involved. I firmly should never have permanent triumph in the West, I believe, distance and there can be no doubt that he will win by a large majority in the state."

Christianity in Fly Time

A FARMER came to the pastor of his congregation and asked that his name be taken off the church books.

"What is the trouble, Brother Jones?" asked the pastor.

"I supposed you were a faithful follower of the Lamb."

"Well, I sorter believed that myself, but there is just no use talkin', a man can't serve the Lord when he has to milk four cows in fly time. After the first heavy frost I'll try this church business again, but just now I either have to sell the cows, give up the church or be a durned hypocrite."

No need for Brother Jones quitting his church or selling his cows. Penny has got the flies beat a mile. Just go right into his drug store and tell him to get you a 25c can of **Kreso Dip**, take it home, use it as directed on the label, and you can milk your cow in peace and happiness.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

FRIENDS of BECKHAM

Don't Forget to Vote Saturday. He is a Sure Winner if His Friends Take the Time to Go to the Polls.

He stands for things in public life that Lincoln County overwhelmingly believes in. He is the ablest, the cleanest man in Kentucky politics in 25 years. By every consideration of right and decency, he ought to be nominated as our candidate for U. S. Senator.

GO TO THE POLLS, SATURDAY, AND TAKE YOUR FRIENDS.

Farm Sales Near Waynesburg

J. H. Daigh, an active citizen and leading real estate man of Waynesburg, sold the Jeff Burleson farm near Waynesburg to Mr. Griffith from Rawleigh county, W. Va., for \$1,000, and the L. G. Gooch farm at Waynesburg to W. B. Falmouth from Rawleigh county, W. Va., for \$2,500. These are promising men and will make good citizens and add to the morals of the city of Waynesburg. Mr. Daigh is a hustling real estate man and has been in the business at Waynesburg for several years.

Death of Mrs. G. W. Isaacs

Her many friends over the county regretted to learn of the death of Mrs. G. W. Isaacs, wife of Dr. Isaacs, the well known physician of Woodstock, Pulaski county. She was a pleasant woman and will be missed and mourned by all who knew her. The L. J.'s Extra correspondent erroneously stated last issue that she was ill with something like leprosy. Dr. Isaacs states that her death was directly to endocarditis with complications. Dr. Isaacs and his family have the sympathy of many friends in their bereavement.

GET TO THE CAUSE

Stanford People Are Learning the Way

There is but little peace or comfort for the man or woman with a bad back. The distress begins in early morning—keeps up throughout the day. It's hard to get out of bed, it's torture to stoop or straighten. Plasters and liniments may relieve, but cannot cure if the cause is inside—the kidneys. When suffering so, use Doan's Kidney Pills, the tested and proven kidney remedy, used in kidney troubles for over 50 years. Doan's Kidney Pills are recommended by thousands for just such cases. Proof of their effectiveness in the testimony of this Stanford resident:

"One of my family was troubled by dizzy spells and weakness of the kidneys," says Mrs. J. M. Lunsford of R. F. D. No. 4, Stanford. "He had backache and was very stiff and suffered from severe pains across his loins. Hearing of Doan's Kidney Pills, he used them and was relieved from the first. He is no longer troubled and we are sure that the cure Doan's Kidney Pills made is permanent."
 Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lunsford recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

The New Broadhead Fair

To the many friends and patrons of the old Rockcastle Fair Association, who have been visiting fairs at Broadhead the last 18 years it gives us great pleasure to announce at this time, that notwithstanding the old home of the fair was taken away from us, it has only added a blessing to the enterprise, and for those who sought to take our grounds which they succeeded in doing, whether it was right or wrong we have the public to judge, but through this medium which we fought bitterly to the end, it has only worked to our great advantage, so much so, that we have now a new fair grounds second to none.

It has not been the object of the stockholders of the fair association at Broadhead to make it a money making proposition, we have not gone into this one with this end in view, however it has been the record that we have made in most instances a dividend to our stockholders. This was not due to our withholding anything that would help to make our fair a success, but altogether to the immense patronage we have always had, and we are pleased to admit the last three years in particular, our attendance has grown until we did not have half the room to accommodate our crowds. This year we can, we have under our fence 17 acres all to be used for fair grounds only, seven acres of this area is a dense grove, shade is no object with us, for we have it and to spare, not only around our grand stands and buildings adjoining, but around the stock barns sufficient for hitching purposes. To serve the stock brought to our fair we have a well that will furnish enough water for Rockcastle county near the stock

barns that is free to all. In addition to this we have another within our grove that will serve the people in untold quantities. These wells were dug during the driest weather and water was found in such quantities it was a difficult matter to get the tiling in, owing to the rapid flow from the stream, heavy water will be no object as is always the case with most fairs and has been with us the past years.

We have arranged a ninety foot roadway in front of our entire grounds, consequently you may rest assured of not being crowded coming or going, and after you are once in the grounds, it will be our rule for all parties to turn to the right, and a forty foot road will carry them entirely around the grounds back to the place of entrance, which rule we will have enforced thereby absolutely doing away with meeting anyone while driving in our grounds.

We have adorned our grounds with the most up-to-date grand stands ever seen outside of the cities, being 112 feet under roof with a six foot promenade in the rear and a 12 foot pass way through the center. It is divided into six sections reached by stairways. Seats are elevated with a walkway behind each seat, this will do away with all being on the seats, the first row of seats being about five feet from the front promenade which is ten feet in width.

It is a pleasure indeed to further state, our Floral Hall is a model building 30 by 50 feet, and we can assure you to bring any article you may have for exhibition, we are prepared to take care of the same and that nicely and safely. Our entry tags are being made so as to show the name of all exhibitors after having been judged, and their address. No one will be allowed to enter this hall after the committee has opened the doors, and no one will be allowed to take in person any article from the display at any time as the committee in charge will obtain all articles from the hall for the exhibitor by the number given the exhibitor at the time of making the entry.

Our hall will be arranged with plenty light, another objection we have sought to remove.

Dining Hall, a separate location of the same dimension 30x50, will be handy as usual and at the same time popular prices of 25 cents for a good square meal. A full half mile track to 50 feet wide, second to none, will bring the best stock in this section of the state.

We propose to have nothing but clean and respectable shows on the grounds, something to entertain. A number of such concessions have already been booked. The committee is dealing with a variety of free attractions, and the public may expect to be entertained. We have never advertised and attractions at Broadhead we did not give, and you may rest assured that there is a nice surprise for you in store each day as free attractions, worth the amount of admission.

Notwithstanding all these things we have tried to prepare for the people's comfort at a large cost. We still hold the popular price of 25 cents at the gate and the first day will be free for the ladies as usual.

Our grounds will be completed by the time this letter goes to print, and we invite you to come and look for yourself and see if we have exaggerated in a single instance. In fact, we prefer you to come, for we cannot describe to you in words what we have for display.

We now have everything ready and are waiting for the dates which are August 12, 13 and 14.

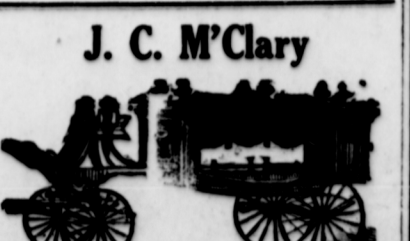

We invite all to come and assure you all the courtesies that is in our power to extend. Most Resp.

HOW ABOUT THAT

"INDIANA SILO?"

Feed of all kinds will be scarce and high in price this coming winter.

The Indiana Silo Co. had sold more Silos up to July 1st, than they sold all last year, and they are warning me to get my orders in as early as possible, for fear they would not be able to fill late orders.
